He has submitted that the variation in the Govt guarantee amount from Rs. 3,053 Crs to 3,884.7 Crs (i.e., Increase of Rs. 831.7 Crs) is mainly due to the following reasons:

- A. Firstly, change in the Debt:Equity ratio from 70:30 to 80:20 has resulted in 10% reduction in the equity requirement to the extent of Rs. 485.5 crores with proportionate increase in the Debt of Rs 485.5 Crs.
- B. Secondly, the Interest During Construction has increased from Rs. 225 Crores as projected in DPR to Rs. 555.68 Cr on account of change in Debt:Equity ratio and increase in interest rates on account of macro-economic factors globally
- C. The balance difference is on account of Pre operative expenses/contingencies as factored by lenders as part of their sanction
